## A. E. Ottewill Brands Hitler And Stalin As International Outlaws In Address At C.P.

Interesting Address Heard By Large Audience In The Oddfellows' Hall On Monday Night—Speaker Held That Periodical Changes Necessary To Nature Purpose Towards Its Perfection—Democracy Waging War For Freedom.

The Oddfellows' hall was comfortably filled on Monday night by an interested audience to hear Mr. A. E. Ottewill speak on "World Affairs."

H. C. Melness, president of the local Teachers' Association, was in the chair, and introducing the speaker, said that he was glad to say that Mr. Ottewill, who was attending the Teachers' Convention, had agreed to address a public meeting at the hall.

Mr. Ottewill began his address by saying that Grande Prairie was one of the towns he enjoyed visiting. He was pleased that the subject had been chosen.

The subject, he observed, being a large one, it was necessary that one must be arbitrarily selective. While he did not pretend to know it all, he had for years been a student of world affairs.

He said that he proposed to provide a frame in which the great events of history could be placed in a historic setting.

His first observation was that the world had experienced, periodical changes, and while Ottewill claimed to prophesy, he ventured to predict that there will be no great comfort in the world for many years to come, adding, that Canada can make an important contribution in the present change that the world is going through. In this change, there is a peculiar responsibility resting on those engaged in education.

People, said the speaker, ask why this present crisis or change. There is only one answer to that question and that is, that changes take place periodically to fulfill the purpose of nature. Discomfort provokes people to action. This does not apply to the well to do who feel secure.

Continuing, Mr. Ottewill observed, that the local branch of the Red Cross completes its organization work.

Committees Appointed And Each Member Allocated Duties. The first general meeting of the local branch of the Red Cross Society was held in the council chamber on Thursday night, October 12th.

President J. T. Tooley was in the chair. Ten organizations were represented.

The meeting immediately got down to perfecting the organization and acting on the suggestion of the executive which was presented as a guide in organization work.

The office of secretary-treasurer was confirmed and Mr. J. H. Grierson was appointed to the office.

The following were appointed as chairmen of the various committees:

J. M. Smart—Soldiers Service Committee.  
Miss Rita Robinson—Enrolment Committee for the Red Cross work.  
J. E. Thomson—Finance Committee.

The president and executive form campaign organization committee.

L. J. O'Brien—Membership.  
Frank Edmundson—Membership.

Every member of the various committees was allocated certain definite duties.

The president outlined the purpose of the Red Cross Society and the information which had been received from the office at the Canadian and Calgary.

He pointed out that the making of certain kind of articles, to be made strictly in accordance to patterns provided by the head office, was the first immediate duty of the branches.

It was further pointed out that many of the Women's organizations had already signified their willingness to co-operate.

It was decided to inaugurate the membership drive immediately.

Anyone paying \$1.00 or more will receive a membership card.

The treasurer, Mr. Grierson, is prepared to receive the membership money at the Bank of Montreal.

The secretary-treasurer was instructed to get from the office at Calgary, all supplies needed as well as material for work. Outgoing points contemplating organizing branches can get all the necessary information from the Grande Prairie branch or from the Calgary office.

A spirit of enthusiasm dominated the meeting and the local branch is determined to do its bit in the present war crisis.

## Dorothy Donaldson Wins More Honors At The Coast

Headed The Nurses In British Columbia In Recent Examinations—Had The Highest Average Last Year In Three-Year Course At St. Joseph's Hospital, Victoria, B.C.

Last year Miss Dorothy Donaldson had the highest average in the three-year course at St. Joseph's Hospital, Victoria, B.C.

This year Miss Donaldson headed the nurses of British Columbia in recent examinations for the title and certificate of registered nurses.

that if there is a purpose towards which we are moving, the present crisis is one of the periods in that purpose.

The speaker then gave a brief historical survey and said for almost four centuries there was comparative calm during the time when Rome was in control and policed the known world. The Roman empire broke up and then followed several centuries of violence and bloodshed. Out of this struggle the nations of Europe finally came into being.

Following the Great War the League of Nations was formed. There was much faith and hope in this new organization. The league failed because it was not an effective piece of machinery for policing the world. It was believed that all that was necessary was an efficient police force.

In the year 1910, conditions had changed, remarked Mr. Ottewill, and the only place where the British navy was really dominant was around the British Isles. The British fleet could no longer police the world.

Referring to present world conditions, the speaker said, that international relationships were at a very low level. There was for years a general accepted standard of morals known as Christendom. Russia refused to acknowledge those standards and now Germany refused to acknowledge those principles and it is impossible to live in any security unless the dictator philosophy is checked.

Order of some sort must be maintained, said Mr. Ottewill, if people are to live in comfort and security, and he said that he was engaged in the present crisis.

For centuries the democracies have been hammering on the anvils of common sense, freedom which are now threatened.

Continuing, the speaker said that free and twenty-one is some peoples idea of freedom. Freedom is not the missing of the mark. Freedom can only live within laws. Laws must represent the overwhelming opinion of the great majority of the people.

Continuing, the speaker said that free and twenty-one is some peoples idea of freedom. Freedom is not the missing of the mark. Freedom can only live within laws. Laws must represent the overwhelming opinion of the great majority of the people.

ONE OF THE TOWNS ON GERMANY'S WEST WALL. This tower, designed to help protect the Siegfried Line from air attacks, is located on the frontier between Germany and Luxembourg. At first glance it looks like a Dutch windmill.

## Remembrance Day Wednesday Half Holiday Made Legal Here With Banquet

Remembrance Day (November 11) will be celebrated by the Grande Prairie Branch of the Canadian Legion by a banquet to be held in the Grande Prairie Hotel, commencing at 7:00 o'clock.

A musical program is being arranged and a most enjoyable evening is expected.

All the town fathers were in their places at the regular meeting of the council on Monday.

A by-law was passed making the day a half holiday.

The following accounts were passed for payment:

General	\$591.92
Child's Welfare	41.25
Indigent Hospital	11.60
Indigent Relief	17.43
Unemployment Relief	8.00
Labor	8.00
Total	\$778.80

C. Turner and J. M. Kew interviewed council in regard to putting in water and sewer connection to the Memorial Hall. After a lengthy discussion the matter was given over to the Mayor and Water Committee.

A by-law was passed making the day a half holiday.

## Radio Godsend To People Of The Far North Country

Says C. L. Berry On Return Trip To Yellowknife—Watrous Station Is Only One That Can Be Heard At All Hours—Misses Buy At Yellowknife.

C. L. Berry, manager of CPGP, recently returned from a trip to the Yellowknife district.

Interviewed by the Herald-Tribune reporter, Mr. Berry stated that radio is a godsend for the people of the north, adding, in many places it is their only means of information.

Mr. Berry stated that he made the trip to find out how the various stations in the north were getting on. He stated that CPGP can hear quite distinctly at Yellowknife on certain nights during the winter.

Mr. Berry observed that he was heard at all hours in Watrous (C.B.K.), which, unfortunately does not carry the weather report. Radio is especially makes it difficult for flyers to have the service rendered.

Speaking of Yellowknife, Mr. Berry observed that he was heard through the Consolidated plant which proved highly interesting. In all, there were some three hundred men employed in the various mines, and he said that he was heard by practically no unemployment.

Describing his trip, Mr. Berry said that on the way to Frankfort, pilot of the Peace River Airways, had to fly his plane at 200 feet above the lake on account of the low ceiling. Owing to the weather it was necessary to land at the lower Hay River port, all night. Here they were put up at the Anglican mission.

Mr. Berry left on Sunday by plane on a business trip to Edmonton.

The funeral took place on Monday forenoon from St. Joseph's Church, Grande Prairie. High Mass was sung by Rev. Father McKenna. The following are left: Husband, two daughters, (Mrs. George Lyons) and Isabelle; two sons, George and Thomas.

Decceased was born in Ireland and came to this country with her soldier husband after the war.

The funeral took place on Monday forenoon from St. Joseph's Church, Grande Prairie. High Mass was sung by Rev. Father McKenna. The following are left: Husband, two daughters, (Mrs. George Lyons) and Isabelle; two sons, George and Thomas.

HOSPITAL BALL, OCT. 20

The Hospital Ball, one of the outstanding social affairs of the year, will be held in the Old Capital Theatre on Friday, October 20.

The Grande Prairie Orchestra will be in attendance. Tickets are now on sale. The admission charge is 50 cents.

## LATEST NEWS FLASHES

PARIS, Oct. 17.—A German offensive along a 30 mile sector East of the Saar River has broken down, the French reported today, in the face of devastating air attacks. At least six German divisions were also known to have taken part in the offensive Monday in two attacks, one of which carried 100 yards into the formation of German tanks, said.

Allied army authorities estimated the strength of each division to be at least 10,000 men. The French stopped the enemy, the French general staff announced after explaining advanced French outposts had been drawn back to prepare defensive positions in the face of advancing Germans.

LONDON, Oct. 17.—First Lord of the Admiralty, Winston Churchill, announced in the Commons Tuesday that in the first six weeks of the war we may estimate that 13 U-boats have been sunk, five seriously damaged and possibly sunk, and several others damaged. He gave the House encouraging figures on the campaign against submarines. Last Friday four subs were sunk, including two of the large ocean going type.

LONDON, Oct. 17.—The Admiralty announced today that a second German air attack of the day was carried out over the Orkney Islands and Shetland. A large number of bombs were dropped, but no damage was done. The German high command has now launched its first attack against the British Isles.

## Ninety-One Teachers Registered At Teachers' Convention Oct. 16-17

## W. T. Mel. Fowler, Vice-Pres., Is Elected President Of The Teachers' Association

Attendance Considered Remarkable In Face of Bad Roads—Mayor Lawlor And B. T. Ryley, Chairman of Divisional Board, Extend Welcome—Convention Is Addressed By A. E. Ottewill, Registrar University Of Alberta; Inspector C. Johnson, and J. W. Barnett, General Secretary A. T. A.

Ninety-one teachers registered at the annual Teachers' Convention held at Grande Prairie on Monday and Tuesday, October 16 and 17.

The number was considered quite remarkable in the face of the terrible conditions of the roads.

The convention was called to order by President H. C. Melness, who, following the singing of O Canada, called upon Mayor T. W. Lawlor.

In extending a welcome on the very sound would mean no major military operations likely to be practicable for the next five months. Such an assault might be accomplished by a tank attack through Belgium as Gen. Von Kettel is known to favor such a plan.

Germany won in Poland, the speaker said, but she was able to deliver a terrible surprise blow before Poland mobilization was completed. She can hope for nothing of the sort on the Western front and this may be the reason why the German high command may prefer to delay an offensive which may turn out to be another Verdun.

Dealing with the air raid on the Fifth of April, the Times emphasized the German prisoners admission their airplanes are much too slow to cope with British fighters. It was pointed out that German aircraft in general are inferior to the Allies. Reports from Germany in the Danish press indicate growing anxiety among Nazi leaders at Russia's control of the Baltic and at Hitler's evacuation of Germany from the Baltic republics.

The speaker said that the German high command has now launched its first attack against the British Isles. The German high command has now launched its first attack against the British Isles.

part of the town, His Worship received to the pleasure which gave him to welcome the teachers to the annual convention, which he hoped would always be held at Grande Prairie.

In speaking to teachers, the mayor said, that he felt that he could speak with some authority, as he once taught in the schools. He advised the teachers to grind their pupils on these essentials.

After telling a few humorous stories, that had to do with school teaching, the mayor said that he thought that teachers should cultivate a sense of humor.

Speaking of education, His Worship stated that he was just old fashioned enough to hold that the three R's are still the basis of education and are the three essentials in securing a position. He advised the teachers to grind their pupils on these essentials.

After remarking that Canada is at war, Mayor Lawlor said, that in this country there are Germans who are excellent citizens and he asked the teachers to see to it that their children are not tainted while at school.

In closing, the mayor wished the convention every success in their deliberations.

B. T. Ryley, chairman of the Divisional Board, extended a welcome on the part of the Board. He said, that while it was necessary to cut salaries, it was also necessary to feel that the teachers, but on account of the war, the Board had decided, that if the balance of the crop can be threshed, the Board hoped to be in a position to put salaries back on the previous basis, adding, that at present the Board was receiving in salaries, as many farmers were not receiving as much for their products as the teachers were receiving in salaries. He expressed the hope that the teachers would get lots out of the convention.

The president next introduced Inspector C. Johnson, who, in a brief address, informed the teachers of the necessity of them being the Educational Department. He stressed the necessity of turning in reports.

Mr. Johnson observed that he was pleased to see so many present in spite of the weather.

J. W. Barnett, general secretary of the teachers' association, congratulated the teachers on their enthusiasm in bringing the teachers' convention to the morning session, congratulated the teachers on their enthusiasm in bringing the teachers' convention to the morning session, congratulated the teachers on their enthusiasm in bringing the teachers' convention to the morning session.

THRESHING AT ALBRIGHT IS NEARLY COMPLETED

According to Hugh Thompson, who was a business man in Grande Prairie on Wednesday, threshing in the Albright district was practically completed before the storm set in. He further stated that wheat averaged about 20 bushels to the acre.

BUSINESS MEN'S CLUB

It has been proposed by the Gym club to have a business men's club for the town and district. Those interested are asked to set in motion the plan by writing to W. R. Russ, phone 22; Joe Butters, phone 264; Frank McLaren, phone 221.

TO PRESENT I.O.D.E. PRIZE

The prize given for the highest marks in social studies in Grade IX, to the winner of the I.O.D.E. Prize will be presented by Inspector C. Johnson at the Fashion Show under auspices of the I.O.D.E.

From The New York Times

A victory in a tank battle thrust the French beyond Borg (1) on the 16th of their infantry consolidated the gain. Reports of the evacuation of civilians from Karlsruhe (2) may indicate that the Germans may launch an offensive near that point.

## Canadians

### Amalgamation?

Regina—That Canada might own or control the C.P.R. by the end of the war is a possibility to Premier W. J. Patterson of Saskatchewan. To substantiate his suggestion, Mr. Patterson pointed out that the British government had announced a policy of financing war purchases in Canada by repatriation of Canadian bonds held in England. These included \$800,000,000 worth of C.P.R. bonds or more than 55 per cent of the railway's total bond issue.

### Bunker Fuel

Ottawa—A record for production of crude petroleum and gasoline in Canada was established in July when 199,162 barrels were produced. This was revealed by the Dominion Bureau of Statistics recently.

Of the total, Alberta produced 57,000 barrels, or 28.6 per cent of the Canadian total. Commenting upon these figures, J. H. Irwin, of the Department of Lands and Mines, took very little pride in the showing. "Production in this province could be easily increased at once," he said, "if the transportation problem were solved. Our production is so low because it is not yet economic to reach the market."

### Who Knows

Ottawa—Graham Towers, Governor of the Bank of Canada, neither confirmed nor denied speculation here on the possibility that the government was following "a policy of small and carefully regulated credit expansion." Questioned regarding an unusual upswing in circulating bank notes and deposits, Mr. Towers thought "no one can definitely say that it is anything more than seasonal at this time."

### Speculators Note

Toronto—Suggesting that existing wool shortage was due to people holding for an expected increase in price, David C. Dick, federal wool administrator under the war-time Purchasing Board, announced that wool prices have been fixed at 45¢ per pound, clean basis. This represents an advance of nearly 50 per cent over prices a short time ago. "The price has been fixed at 45¢ per pound," he said, "because it is fair. It is my hope that everyone who has wool will cooperate with it."

### Persistence

Edmonton—No political truce will be observed by the Alberta Union Council, according to chairman John I. McFarland, in an address recently issued recently. "The need for unity of thought and action," he said, "is greater than ever before, so the council will continue toward its basic objective of united action for the benefit of each provincial constituency under a non-partisan banner."

### Pre-War Prices

Ottawa—Cost of living index in Canada dropped to 83.9 in August from 84.1 in July, according to the Dominion Bureau of Statistics. The drop is explained by a moderate decline in prices of food and fuel.

### Farmers' Share

Winnipeg—Fair but not exorbitant prices must be the incentive to the war effort of western Canada. 250,000 farmers, declared Hon. J. G. Taggart, Saskatchewan Minister of Agriculture, in an address here recently.

cently. Regimentation, he thought, would require an army of administrators and inspectors and still would be ineffective. "The Taggart could not foresee a great increase in the price of wheat."

### Sugar Beets

Ottawa—Members of the Tariff Board, set up to study the sugar industry, are convinced that Canada could produce a larger share of her sugar requirements. Consuming more than one billion pounds last year, Canada refined 150,000,000 pounds from Canadian sugar beets. Sugar production was equally divided between Alberta and Ontario. The question of boosting sugar acreage, particularly in Alberta, was a matter of government policy and had a relation to empire trade treaties.

## How Many Times Will The Mercury Drop This Winter?

Newspapers and magazines are carrying "quality" forecasts. Here is a simple one for the average Canadian. "How many freezing days do we have in the year?"

The ordinary man's guess is not likely to be very reliable. They are due, however, frequently they are due. The first cold dip in the Fall he fills the fuel bin, dips out the heavy overcoat and puts on the heavy hat. The weather treats these temperature dips with the greatest respect—but few know how frequently they are due. Actually how many days are there when the temperature reaches freezing or lower?

Take Vancouver for instance. In this district, there are about 150 days when the temperature can be expected to drop below 32°F. On the other hand, in Northern Saskatchewan the temperature is expected to drop below 32°F for about 250 days, and around Montreal, 192 days. "Variations like these occur throughout Canada. Freezing weather is something you cannot escape altogether."

Motivators, however, see fewer frozen-up cars on the roads from year to year. Garagemen claim this is because so many winter drivers "leave their cars in the garage" and "pull" all season, and is good either in warm or cold spells.

The man who leaves his car on the road wants protection for the ups-and-downs of winter temperature and he can figure on an average of at least 200 days in the year below the freezing mark.

## Only Farmers Of Alta. May Apply For Free Trees

Farmers of Alberta may apply for free trees. The Alberta Union Council, according to chairman John I. McFarland, in an address recently issued recently. "The need for unity of thought and action," he said, "is greater than ever before, so the council will continue toward its basic objective of united action for the benefit of each provincial constituency under a non-partisan banner."

Edmonton—No political truce will be observed by the Alberta Union Council, according to chairman John I. McFarland, in an address recently issued recently. "The need for unity of thought and action," he said, "is greater than ever before, so the council will continue toward its basic objective of united action for the benefit of each provincial constituency under a non-partisan banner."

BRITISH SOLDIERS HELP ON HARVEST FIELD  
Soldiers are being loaned to farmers in various parts of the British Isles to help gather in the crops. This photograph, taken in the Midlands, shows a couple of soldiers loaned from a neighboring unit tilling wheat.

1940 DODGE "KINGSWAY" 2-DOOR SEDAN

**Dodge Presents 1940 Models**  
Full-Floating Ride, Slipper Bodies And More Flowing Lines  
The remarkable vitality of the automobile industry is evident each year at new model time and examination of the new 1940 Dodge line produces a long list of big and little changes, all useful and all contributing to the pleasure, comfort and safety of the owner.

The new distribution of weight in the 1940 Dodge cars which produces the Full-Floating ride, is accomplished by moving both the front and rear wheels back in relation to the body. In doing this all seats move toward the center of rotation where the up-and-down movement is the least, as in a ship in an ocean liner.

Another result is longer wheelbase without increase in the overall length of the car. In the past increased wheelbase meant a longer car with attendant parking difficulties.

The Dodge Dodge line has completely new bodies. These new bodies are much wider and three people can really be seated comfortably in either front or rear seats.

Glass area is greatly increased and ranging from 10 per cent in the windshield to 23 per cent in the rear window, which is inclined to fit the body and has no divider strip. Windows in rear doors now go all the way down out of sight because the rear wheel is moved back allowing a door that is straight up and down on both sides.

All the new Dodge cars for 1940 have a lower roof line without sacrifice in headroom and the frame is lower, one and one-quarter inches lower, without loss of road clearance. The combination of these two improvements lowers the center of gravity which in turn makes the car steadier on turns.

An improvement in the interests of better vision is narrower front corner posts. More quiet at high speeds is obtained by bringing the glass nearer the outside of the car, thus reducing the wind roar at high speeds.

The new bodies are definitely better looking as they appear longer and lower. More fender design contributes to the graceful, longer lines. The rear view is remarkable in that there is no flat surface to be seen. Everything is curved into a rounded whole that is beautiful and as near perfect streamlining as has ever been accomplished while retaining a large luggage compartment. There is no place where the luggage compartment is located.

The front end is entirely redesigned and the headlights are set into the fenders and are slightly higher. The new "Sealed Beam" lamps are unit-type with reflector bulb and lens as a single sealed unit. No dust can get in and condensation, which is the enemy of silvered reflectors, cannot take place.

Handy-Control Gearshift is standard equipment on all Dodge cars for 1940. Improvements in the transmission make the travel between gears and high gears much less. Changes in the gear teeth have made it easier to get into low and reverse gears. The cover of the new transmission is on the side. This reduces

its height and permits a lower floor in the front compartment. The 26 X-2 girder-truss frame has been re-designed for greater rigidity and the independent front springing mechanism has been re-designed so that when the front wheels hit an obstruction they hit at a flatter angle and tend to climb over rather than bounce over the obstacle.

The Dodge engine retains its well known L-head design. Features of this engine that have proven their dependability are: aluminum alloy pistons, four piston rings, full force feed lubrication, full-length water jackets and directional cooling are around the valves, and automatic spark advance with vacuum control.

**SOLDIER'S LIFE BETTER THAN IN 1914 WITH PLENTY TO EAT AND IN GREATER VARIETY**  
While life in the Canadian army may not be "all beer and skittles," in many respects it is a great improvement over the atmosphere and conditions which prevailed in 1914, when the first expeditionary force was recruited and sent overseas.

Ninewards the medical examination is more rigid than it used to be. It is not only for semi-invalids or men with physical defects to get in the army, but for the fit and healthy. While the boys in the 1939 army are getting only the training necessary to render them fit as soldiers, as opposed to the 1914 army, there is no stinting in the commissariat department.

As for uniform, the 1939 streamlined dress is being put into a khaki uniform which will eliminate the necessity for polishing brass buttons and rolling up the belt no matter of every recruit in 1914. More energy is being put into the matter of providing recreation for the recruits now than at the onset of the former great war. Not only is recreation being organized in barracks but outside, the Y.M.C.A. and their organizations are giving much thought to the provision of entertainment for the soldier.

**BRITISH PRICELESS FILMS BEING SENT TO SAFE PLACES**  
The National Film Library of the British Film Institute sent to Sussex for safety during the war, nearly 2,000,000 feet of film. Priceless historical value, dating from the earliest days in 1895 to the present day. They include the full-length film of the Coronation of King George V, the funerals of Queen Victoria and King Edward VII, troops going out to the Boer War and the Great War, and the historic Canadian and American tour of the King and Queen in the early summer.

**CONSTIPATION MAKES PEOPLE HATE YOU**  
Nobody loves a grouchy, put if your bowels aren't regular, you're bound to feel mean. Common constipation is often caused by a diet that lacks "bulk." Many common foods don't leave enough residue for the bowels to keep them working rhythmically. Crisp, crunchy Kellogg's ALL-BRAN helps to form a soft bulky mass that encourages bowel movements. And ALL-BRAN is a rich source of Nature's intestinal tonic, Vitamin B. Adopt this sensible routine: Eat ALL-BRAN every day; drink plenty of water. With "regular" habits you'll be a new person.  
**EAT ALL-BRAN and THEY'LL WANT TO DATE YOU**  
Kellogg's ALL-BRAN  
Made by Kellogg in London, Canada. At your grocer's.

**TRAVELLERS to Edmonton always enjoy a pleasant visit at the Popular ROYAL GEORGE HOTEL**

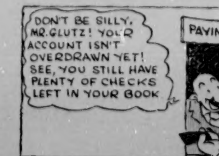

## CORNWALL NEWS

CORNWALL, Oct. 13.—We had a most welcome taste of winter this past week with snow a few inches deep. Those who have shivered in the field are feeling a bit blue.

Mr. Wesley Morgan from Beaman, has been a guest at Gordon May's the past few days. Friends of the Moritz family will be interested to learn that they have now established themselves in B.C. at a small town near the Washington border. They are running a general store and garage.

Mr. John Dalsgaard arrived home Saturday from Blackie, where he has been working for the past few months. Mr. T. H. Lake made several calls in the neighborhood on Sunday.

## DON'T BE SILLY, MR. GILLET! YOUR ACCOUNT ISN'T OVERCRAWLED YET! SEE YOU STILL HAVE PLENTY OF CHECKS LEFT IN YOUR BOOK

**PAYING TELLER**

## Interesting News From Sexsmith

Vol. VII, No. 18 By R. A. MACLEOD Oct. 17, 1939

### MANY BEAUTIFUL PRESENTS PRESENTED TO BRIDE ELECT

A number of ladies wended their way to the home of Mrs. Jack Meen, on Saturday night last. We mention the word "wednesday" advisedly, as there was considerable wedding done to get around the puddle. The reason of this gathering was to present to the bride elect, Miss Dorothy Baker, many beautiful and useful presents, and to wish her all happiness in her new venture.

When all were assembled, a youthful bride and groom, Caroline Barrett and George Longman, wheeled a doll's carriage into the room, filled with gifts for the bride, from her many friends. Several trips had to be made, and the last one caused considerable confusion.

Apparently Barbara, infant daughter of Mr. and Mrs. Nelson, got into the doll's carriage, and the miniature bride and groom wheeled her into the room.

It was explained to the guest of honor that there had been a mistake made, and that this was not intended for her.

On the arrival of the bride elect, accompanied by Mrs. Barrett, at the opening of the presents, Dorothy thanked them all for their kindness and good wishes, after which a very excellent lunch was served.

### ENJOYABLE EVENING SPENT WITH SECRETARY OF PROV. GIRLS' WORK BOARD

An event of great interest in Sexsmith, was the C.G.T. Mothers and Daughters' banquet, held at the United Church last Thursday, October 12th. This affair was held in honor of Miss Lillian Carscadden, Secretary of the Provincial Girls' Work Board in Calgary.

As leader of 4,000 girls throughout the province, Miss Carscadden came with a message of inspiration and guidance and help to the girls, and the occasion was enjoyed greatly. She first of all took the girls on a mental trip, giving them some of the spirit of the groups that are attempting to carry out the high ideals and pledges of the Canadian Girls in Training.

Many illustrations of things the girls are doing elsewhere gave every one present a more complete picture of the possibilities of this great movement.

The arrangements were in charge of the girls and their leader, Miss Kuebbe, and Mrs. Rands. Violet Spry, president, occupied the chair. Margaret McMillan proposed the toast to the Mothers, and Mrs. Innes, responded. The girls then sang the song, "Mother," and Delphine Brown recited.

Miss Carscadden led in a sing-song, and then addressed a worship service. She met the girls in a special meeting afterwards to discuss plans for the winter.

Great credit is due the girls for the splendid banquet of wild ducks and chickens, and for arranging the whole evening's program.

### STILL FORTY PER CENT THRESHING TO BE DONE

The farmers of the district are looking hopefully for signs of a well-looked, and a good crop of wheat. There is at least 40% of the country adjacent to Sexsmith still to be threshed.

### ALL SEXSMITH TEACHERS ATTEND CONVENTION, Q. P.

All the teaching staff of the Sexsmith school went to Grande Prairie to attend the convention being held there this week, consequently the pupils have two days' holidays, during which time most of them have succeeded in getting beautifully soaked up to the neck in their paints, owing to the wet snow. Of course we are

referring to the male pupils. This will be the last holiday for them until Christmas. There will be Remembrance Day, November 11th, but unfortunately for them, this comes on a Saturday, giving them a feeling of being robbed.

### NEW BUSINESS OPENED

Anyone desiring massaging, violet rays or electric steam bath, can now get them here in Sexsmith. Mr. E. Swanson, who has had considerable experience in this line has opened up in Sexsmith, and will be at the Sexsmith Hotel, on each and every Tuesday and Friday afternoon to give these treatments. For the past two years he has been practicing his profession in Calrose.

### SEXSMITH LOCAL PARAGRAPHS

Keep in mind the sale at Fitzgibbon's sales yard at Sexsmith on Sat. Oct. 21. This is the farm machinery and stock belonging to Pat Healey. If you like Pat, which most people do, give him a good sale, and if you do not like him, come anyway, so as to give him enough money to get him out of the country.

Mrs. H. M. McMillan who has been attending the Women's convention at Edmonton, arrived home on Tuesday's train.

Joe Putsky, who has been touring the country for the last few months, arrived home last week, and is now assistant manager of the Farmer's Barn.

The next meeting of the United Church Young People Society will be held in the annex on Thursday, October 26 at 8 p.m. This will be a Halloween party.

The Teepee Creek United Church held their Harvest and Thanksgiving Festival last Sunday, when the front of the church was decorated for the occasion. An event of special interest was the singing of the hymn, "On Confession of Faith," of seven young people of the district. Those who took the church in this community years ago, may well feel that their efforts were not in vain. It is the church home for the young people of the district, and the great tradition and spirit of the United Church for 2000 years is still being carried on in the hands of the young people who are still joining the church and try to live up to its teachings. Another class will be joining the church at Christmas time.

### SEXSMITH AND DISTRICT MINISTERS

Norden at 2:30 p.m.

### FAUST NEWS

SAW MANY CHANGES  
FAUST, Oct. 16.—August Phillips after an absence from Faust for two years returned last week. Changes had to be taken place, but Faust is one store that looked familiar to him.

### HIGHWAY IN BAD SHAPE

It has been a long time since the Peace River highway has been in such a state as it has been for the past two weeks. With the "requent showers or flurries of soft snow the road had but a thin chance to dry. The portion that is gravelled held up fairly well and gave the motorist a comparatively good, but where there is no gravel the motorists who pass say it is terrible. A count—, with three quarters of a 100,000 people with only one road in and out, and that not travelled! Surely we've been worthy of better treatment.

### OCTOBER BIRTHDAYS

There is an epidemic of birthdays in this community at this time. In the Stanley family alone, Joseph's was on the 8th; Bernia the 11th, Eden married on the 14th, and the 14th; their grand-daughter Ed, the 16th; and their own 31st wedding anniversary was the 15th. Irene Kenny's birthday also was on the 11th. In town, Ruth Moore's is the 20th and the 31st, Glen Turner and Ellen Burnell have theirs on the 31st.

The oldest person in our midst, Mrs. H. Hurchart, celebrates her 123rd birthday on the 18th. On the same date Irene Felsing, now of Judah, who has been several years blind but B. Fell was running the hotel and store here has her birthday; also Walter Menzies Sr., one of the very oldest citizens of this place, and James Cook, 19.

### NO HATRED IN FRONT LINES

To the supposition that a soldier most intensely hates his foe to be a good warrior, Mr. New of Faust and most of the men at the front in the correction. Both of these gentlemen say they had no feeling of hatred whatever when at the front in the last war. It was the matter of self defence and not of hatred they said. And as self preservation is the strongest impulse, hatred need not always play a part in making a good soldier they thought.

Over 400 years ago Leonardo da Vinci observed that trees in northern France formed growth rings which differed in dry and wet years.

### CAMBRIDGE UNIVERSITY IN WAR-TIME

This picture shows the sand-bagged entrance to the Divinity School at Cambridge University, which now houses a recruiting office.

### MOUNT VALLEY

MOUNT VALLEY, Oct. 15.—First, the country was to extend best wishes to all the newweds. May you all enjoy years of happiness together. Hilton Barker and Lloyd Gerry are sporting new cars. We always thought you boys were prospecting farmers, now we know. Homer Norman, Dennis O'Connell Jr. and Jack Wells left in the latter's car for Drumheller on Sunday morning. Everyone joins in wishing you one and all the best of luck in your new adventure. Howard Morrow will be taking the next north at the home of Mrs. E. Rosefield of Edmonston.

### HUALLEN NEWS

HUALLEN, Oct. 17.—The dance sponsored by the Huallen Curling Club was called off last Friday on account of bad roads. The club announces that the dance will take place next Friday, Oct. 20. The Bluebirds orchestra will supply the music.

About ten per cent of the crop remains unthreshed here. The heavy snowstorm has halted operations indefinitely. We hope that the unfortunate farmers whose fields still are dotted with stacks will get threshed before winter sets in for keeps.

Bill Deering is back again from the far north. For the past year and a half Bill was located at Fort Smith, N.W.T. He plans to take leave for a couple of weeks or so visiting his relatives and renewing acquaintances with his many friends.

Motoring from Peace River town, Mr. and Mrs. W. C. Boyd (of picture show and dance fame) are en route to visit at the home of the W. H. Boyds. They are unable to return at present owing to the state of the roads.

Murray MacDonald is having a sale of his farm equipment and all household goods. Oct. 25. Col. Hogg of Beaverlodge will conduct the sale. We understand Murray is leaving in the near future for Edmonton.

### ANNELEN

ANNELEN, Oct. 10.—Mary Paul is spending a few days visiting at the home of her parents. On 19th of October she will return to the hospital at Grande Prairie where she has a position.

Dave Pauls returned home on the 16th from Grande Prairie where he has been working during harvest.

Reuben Resumie returned home from Clairmont on the 16th.

### BEZANSON NEWS

BEZANSON, Oct. 17.—Mud, snow, rain and slush are about all that's there in Bezanson and all that's talked about in these parts.

Miss Moyer, our teacher, is in Grande Prairie attending the Teachers' convention.

A group of young people journeyed from Bezanson school on Friday for the dance and reported a good time.

Listen in over local news for the date of the box social and watch for posters, then, come, come all.

Miss Moyer was the guest of Mrs. Mitchell. The girls came, come all. Our teacher was heard to say, "I wish the scribe would learn to spell my name."

### BEZANSON WHISPERS

Raffle tickets are out and going well.

Our teacher bunning a ride to town.

Congratulations to those hunters successful in deer hunting.

A certain young lady discovered who the scribe is—??? Hope she won't tell!

### LAST MINUTE NOTICE

Box social and dance at Bezanson hall on October 27, in aid of the Christmas Tree. Come one, come all.

### CIRCLEBANK NEWS

CIRCLEBANK, Oct. 17.—Miss B. Rickett spent last week-end at her home in Anselm district.

Benton Woods took in the show at Hythe last Saturday.

Edith Shall was heading for Lymburn last Tuesday noon.

Miss June Selby, Hara and Jimmy Pollock visited in Circlebank last week.

Margaret Racine is staying with Mrs. Hudec for the summer.

Mr. C. Lowe went back to work last Tuesday.

### THE JESTERS

A combination of unique versatility these three boys have starred on many outstanding network programs and are much in demand when lively singing and attractive harmonies are desired. They make a real contribution to the goings on at the "Light Up and Listen Club."

### ALBRIGHT NEWS

ALBRIGHT, Oct. 17.—Stanley Anderson returned home from B.C. to visit his horse. We are glad to see Stan again after so long an absence.

The Albright W.A. bowl supper and concert held on Thanksgiving day was a big success. Everyone seemed to enjoy themselves. Kind Friends were most generous in their donations of food and pies, which was much appreciated by the W.A. ladies.

Mrs. Geo. Brown is visiting her sister in Grande Prairie for a few days this week.

### WEMBLEY NEWS

WEMBLEY UNITED CHURCH  
REV. NEWMAN J. TRUAX, B.A.  
Sunday, October 22

11:30 a.m.—Angelic Service.  
3:00 p.m.—Mountain Trail  
7:30 p.m.—St. Matthews, Wembley.  
The out of town appointments will depend on greatly improved road conditions. Travel is impossible at present.

Advance Notice—The Lake Saskatchewan Harvest Supper on Oct. 27 at the G.W.V.A. hall from 6 p.m. on. St. Matthew's Wembley W.A. Harvest Tea and Supper in Riggs' store from 3:30 p.m. on Nov. 3rd.

### HYTHE NEWS

HYTHE, Oct. 17.—Mr. H. S. Treen left on Friday's train for Edmonton where he has spent the week-end and is expected back today's train (Tuesday).

Hythe lived up to its reputation as being the land of "Howling winds" by another good blowing well at the home of Mr. Tom Ellis, who lives in town.

Mr. Oscar Flaten left on today's train for the 25th. A chinook wind is blowing today and we hope it will spend several weeks in the district on business and among friends.

Mr. and Mrs. H. S. Treen spent the week-end in Hythe enroute to Goodfear to visit relatives and friends. Rev. Werner is also canvassing for the evangelistic campaign to be heard over the radio next month by Rev. Oscar Lowry.

### HYTHE GOSPEL MISSION

E. P. BERG, Pastor.  
Friday, October 20  
Young People's Meeting 8:00 p.m.  
Sunday, October 22  
Devotional Meeting 10:00 a.m.  
Sunday School 10:30 a.m.  
Service 3:15 p.m.  
At Albright Community Hall.  
Service 7:30 p.m.

### CORNWALL NEWS

CORNWALL, Oct. 17.—Mr. J. Miller had the misfortune to hurt his arm, when a nail fell on it. He is finding it awkward doing his work at present with one arm in a sling.

Mr. and Mrs. Edgar Weber and their family were Sunday dinner guests of Mr. and Mrs. G. A. Wright.

Cecil Woodward and Albert Rigler paid a short visit to the neighborhood of Mr. and Mrs. R. A. Wright.

Mr. E. Weber has improved his residence lately by putting a new cellar under it. On viewing the vegetable bins, fruit cupboards and the dumb-waiter, the other housewives are hoping their husbands will go and do likewise.

Miss A. Strume was a convention visitor this week.

### BELLOY NEWS

BELLOY, Oct. 17.—Although the Clifford entertainers failed to arrive to present their show last Friday night, a few of the local young people held a dance in the hall with music by Urness Brothers. Everyone present reported a splendid time.

Mrs. R. Archibald, J. Slettedahl, W. H. Wortman and D. Fortier were weekend visitors to Spirit River last Friday.

H. E. Decholt, representative of the District Board of the J. I. Case Co. were business visitors in the district 25c lunch free.

A. J. Fortier travelled to Grande Prairie last Wednesday and accompanied his wife and small daughter home on Friday's train.

Clarence Urness returned from Brackton last week, where he was employed on the action by the N. A. Railways.

Vincent Ferguson, formerly of this district and lately of Watlain, is at present residing with his sister, Mrs. J. Culshaw, here.

Threshing is at a standstill due to the rain and freezing weather. Everyone is hoping that the weather man will be kind enough to allow us a few more days of fine weather.

Threshing is about 85 per cent finished in the district tributary to Belloy.

THAT REMINDS ME—THERE'S  
NO CLOSED SEASON  
FOR OGDEN'S

It's always open season for rolling better cigarettes if you roll them with fragrant, mellow OGDEN'S Fine Cut. Try OGDEN'S and you'll know why particular roll-your-owners vote it the cigarette tobacco of double barreled pleasure. Of course you'll always roll them better with "Chanticleer" or "Vogue" papers.

INSURED HIMSELF AGAINST MAKING A HOLE-IN-ONE AND COLLECTED MONEY

Here's a hole-in-one that paid \$50 to 1. Two years ago Ellis Knowles, Sr. of Rye, Ky., insured himself and his son, Ellis, Jr., for \$100 through Lloyd's of London against making a hole-in-one. They each paid a dollar a year premium and had thus paid in \$2 when Ellis, Jr., scored his ace on the 206-yard twelfth hole at Apawamis golf course.

### SCHEME DID NOT WORK

Only human tracks were visible from the spot where a cow was stolen in Grande Prairie, but a policeman followed them anyway and arrested a suspect on a theft charge. The man admitted he had put shoes on the cow to mislead his pursuers. He was sentenced to 12 months' road work.

### POPULATION OF MONTREAL

Montreal—Population of Montreal was listed by Lovell's directory at 1,286,388, increase of 20,000 since last year. The number of persons in the Greater Montreal, which includes the neighboring municipalities was given as 1,471,928, a gain of 28,340.
